

WICKLIFFE CONNECTION

Moving into Fall and Winter in Wickliffe

Welcome to another edition of the Wickliffe Connection! There is a lot of information to share with you as we close out 2025.

Let me start with upcoming events:

There is an ad that you can cut out and post on your refrigerator on page 6 regarding Fall Leaf Pick Up. Beginning Oct. 13, Service Department trucks will begin to pick up leaves that have been raked to the curb. Please do not rake leaves into the street as this is a hazard. Also, be sure there are no sticks or branches in the pile – only leaves please! There is no set schedule and pick up will be weather dependent.

Trick or Treat this year will be Friday, Oct. 31 from 6-8 p.m. Parents, please remember it will be dark – make sure costumes are bright or have some type of reflective parts. Homes with porch lights on will be welcoming trick or treaters – if you are passing out treats: turn on that light, and if you are collecting: only go to lit homes.

OLMC Community Center and the City Community/Senior Center will welcome voters on Election Day, Tuesday, Nov. 4 from 6:30 a.m. to 7:30 p.m. for in person voting. More info on voting can be found on the Board of Elections website www.lakecountyohio.gov/boe/ or by calling 440-350-2700. The Mayor's position and all seven council seats are open for election this year.

City offices will be closed for Veterans Day Nov. 11 in honor of all Veterans. Offices will also be closed Thursday & Friday, Nov. 27 & 28 and Wednesday & Thursday, Dec. 24 & 25, 2025.

A few other dates: See page 9 for info about the annual Turkey Hunt on Saturday, Nov. 22 and page 15 for details about the Holiday Lighting event sponsored by Wickliffe Forever on Saturday, Nov. 29 from 6-8 p.m. Both events are held at City Hall.

One of my favorite events is WINTERFEST held at Green Ridge Golf Course. This event will be held January 2026 – watch the website and city signs for the exact date.

And here are a few community updates:

Mayor Joseph D. Sakacs

The Old School Village development is beginning to take shape! A number of the lots have been purchased. The street is in, and the models are built if you are interested in seeing what these homes will look like.

The Wickliffe Senior apartments are also coming along on Euclid Avenue. If you or someone you know would like more info on these, the number to call is 614-942-2020. This is not a city project, rather the property is owned by a private company.

We have a few new businesses in Wickliffe and we welcome them to our City! Please remember to support our local businesses as much as you are able!

This is the last year of my term as Mayor. In Wickliffe, a mayor may only serve two consecutive terms. I will be seeking a second term in hopes of continuing to serve the community. We have accomplished a lot over the last four years and I have plans to continue to improve our great city over the next four years!

Happy Fall and Happy Holidays! Please feel free to reach out to me by calling 440-943-7103 or by email at jsakacs@cityofwickliffe.com if there is anything I can do for you. I look forward to seeing you around town!

WELCOME!

BY RONNIE BUBONICS

Another wonderful business has decided to choose Wickliffe for its location. Sam's Deli & Ice Cream, Hot and Cold Eats & More located at 29239 Euclid Ave. The owner Kevin or one of his employees will be happy to whip up something to quench your appetite. His shop is named in honor of his older brother Sam who was Kevin's inspiration for starting a business. If you need a quick lunch, snack, treat or dinner, just stop in and pick out something from their very full menu. If you want subs, gyros, corned beef, corned beef ruben, wraps, specialty hotdogs which include Diane's Big Beef Chili Dog, Kev's Cleveland Polish Boy and Sam's Big Beef Hot Dog and walking tacos here is the place. You can get wings on Mondays, fish fry on Fridays and ribs on Fridays and Saturdays. They also have French fries or chips. Premium ice cream flavors are available for \$3.50 per scoop which include my favorite Chocolate Moose Tracks. Available for dessert is Cassata, Carrot or Pound cake for \$2.50 a slice. Various non-alcoholic beverages are also available. The atmosphere is clean and friendly. Hours of operation at this time are Monday through Friday,

1-9 p.m. and Friday and Saturday, 1-11 p.m. Kevin also hopes to be open during Brown's games so people can come and watch football. He offers Door Dash and Uber Eats. Check out Sam's Deli and Ice Cream on Facebook. Give this place a try and you won't regret it.

Edward Levon, Council President

In honor of Veterans Day, I would like to take a minute to personally thank all of these brave men and women who are current City of Wickliffe residents or City of Wickliffe employees who proudly served, or are serving, in the United States Armed Forces.*

Updates from Council

By the time you read this, the campaign season should almost be over. Thank you to those who voted or will vote in the November General Election.

Premier Building Update

In my spring article, I wrote about the former ABB building, which city leaders thought would be torn down before summer. Well, that did not happen.

In late September, Council was told that internal demolition of the building revealed more asbestos, which needed to be abated. We were given an updated timeline of early November for the building to be taken down.

2025 Road Program

We’ve reached that time of the year where the orange barrels get put away for a little while.

This past year, one main street received a facelift, as State Rt. 84/Bishop Road from just north of Johnson to State Route 91 received a grind and overlay.

Thanks to Rep. Dave Joyce, who helped the City secure over \$945,000 from NOACA for this project, Wickliffe was responsible to pay only 7 percent of a \$2,396,864 project. NOACA and OPWC covered the other 93 percent of costs, which amounts to \$2,396,864. This left the City’s share approximately \$181,000.

Another major project is the Parkwood Drive and Kerry Lane waterline and pavement improvements. In late September, Council accepted the bid of \$1,033,906.40 by Fabrizio

Council at Large Matthew Jaworski

Trucking and Paving Co. OPWC has committed \$500,000 to the project, plus gave the city a \$177,000 loan. Additionally, the Lake County Department of Utilities will pay \$400,900. This leaves the City’s share at \$276,300.

The sanitary sewers were lined on Empire Road and Kerry Lane. This \$609,817 project began in 2024 and finished up in 2025, as the sanitary sewer main was lined, including service laterals to the inspection tee.

Understanding and reforming Ohio’s complex property tax system

As a long time elected official in city, county and state government, I have experienced considerable interaction with Ohio’s property tax system. My experience in co-existing with its complexities at these various levels convinced me that it was in critical need of review and reform. That is the reason that I advocated for and wrote the language creating the Joint Committee on Property Tax Education and Reform in the 2023 state budget bill. Very few people understand the system, and that’s why I believe that a thorough educational process had to take place and be ongoing so that those that make the property tax laws, those that administer them at the local level, those that depend on those tax dollars to provide critical services, and those that pay those tax dollars are able to find it more understandable and transparent. I believed that it would take considerable time and study to reach some level of comfort in that effort, and then, at that point, I hoped that we would roll up our sleeves and work at reaching consensus on implementing the changes that would move it to a fairer and more uniform methodology of revenue generation, ensuring that no one is overburdened as a result of someone else being under burdened.

Just having experienced our six-year re-appraisal in Lake County, I have heard more uproar from the citizens on this issue rather than on any other. Historically high percentage increases have caused considerable anger and fear over their ability to make ends meet when the bills for those increases came due in 2025. There is a great outcry on this issue for us to DO SOMETHING. However we get there, I believe that we must rectify the fact that increases in the value of what is probably the major investment (owning a home) one makes in their life should not automatically result in higher property tax bills. A House Bill 920 protection that prohibits the growth of taxes and revenue on a previously adopted levy (with allowance for a minimal CPI type of adjustment) should be extended to cover all property tax silos (inside and charter millage, 20 mill floor, etc.). This would allow for very limited inflationary growth in revenue for our taxing districts instead of huge windfalls that currently occur in too many areas. It probably would require a combination of constitutional and statutory changes, but I believe the methodology should be researched rather than ignore a potential citizen initiative that could have draconian consequences.

State Representative Daniel P. Troy

However, I am also frustrated by a growing disconnect between our state and local governments and one-sided calls for property tax relief at the expense of our local governments and the critical services that they provide. Beginning in the 1930’s, Ohio’s state government has recognized the vital services that our local governments provide and has been a partner in assisting them in that effort. But we have witnessed a philosophical shift in that pattern over the last few decades. Elimination or reduction by the State Legislature of local government revenue streams (tangible personal property taxes, inheritance taxes, local government fund, etc.) has forced more reliance on local real estate taxes to deliver these vital services.

So that we minimize overburdening one class of property taxpayers to the benefit of others, we must honor the legacy of Ohio’s over 50-year-old Homestead Exemption program in terms of greatly increased eligibility and valuation exemptions. I have introduced bi-partisan sponsored legislation to do just that. County Auditors and seniors throughout the state feel that the current level of help that this program provides is shameful. And, we must stop shifting the responsibility of property taxes to residential homeowners by the almost willy nilly abatement and diversion programs unfairly benefiting commercial developers. There are many other components of the property tax system that need to be considered so that citizens don’t think that it is gamed against them. There needs to be a continual and disciplined effort on the part of the General Assembly to roll up its collective sleeves to understand and address them, and to include our local governments in that discussion and effort.

As always, please feel free to contact me on any issue or to express your opinion at 614-466-7251 or rep23@ohiohouse.gov.

Cub Scout Pack 3050 Invites anyone in our community or from our neighboring communities who likes to be HELPFUL, FRIENDLY, COURTEOUS, and KIND (just like a Scout), to join us in doing a good deed for our neighbors who need help with cleaning up their fall leaves. Weather permitting, on Sunday, Nov. 9 at 2 p.m., Cub Scouts from Pack 3050 will meet at the Wickliffe Community/Senior Center located at 900 Worden Rd. to organize into teams who will be assigned to

clean up fall leaves for one of our local Senior residents in need of this type of support.

Last year, on Nov. 17 eight cub scouts and six adults from our Pack worked together for a few hours on a beautiful Sunday afternoon to help two Willowick senior residents with cleaning up their yards. This year our goal is to increase the number of senior resi-

Happy Fall, Everyone!

I’d like to take this opportunity to share and reaffirm my position on several important issues here in Wickliffe.

Recently, the Mayor brought forward a proposal to Council to limit the number of vape and smoke shops in our community. While the measure did not gain much traction, I made it clear—and continue to emphasize—that I fully support banning, limiting, or restricting these establishments in our city.

I also voted to restrict medical cannabis and adult-use sales to a single location, with no additional sites permitted. In addition, I supported banning short-term rentals until strong legislation can be developed with clear, enforceable guidelines. This approach allows the city to respond quickly to problem operators while protecting the character of our neighborhoods.

Another priority of mine is stronger enforcement of Wickliffe’s minimum maintenance codes. To preserve our residents’ quality of life, we need consistent standards across both residential and commercial districts. In particular, our commercial corridors should reflect high standards in areas such as building upkeep, landscaping, signage, window displays, and overall cleanliness.

Remember, our codes are generally enforced on a complaint basis. The City does not have the staff capacity to conduct proactive inspections of every home and business. Instead, we rely on our residents to serve as the eyes and ears of the community by reporting code or maintenance concerns when they arise.

At the committee level, Council reviewed ways to streamline the Community Reinvestment Area (CRA) process, which provides homeowners with real property tax exemptions for improvements that increase the value of

Ward 3 Tom Thielman

their homes. Council also discussed updates to the City’s codes related to truck and trailer parking, as well as outside storage in certain zoning districts. In some instances, Commercial Manufacturing land directly borders residential neighborhoods, raising important questions about the appropriate use of parking areas in those zones.

In addition, I continue to advocate for innovative approaches to redevelopment, moving beyond traditional Euclidean zoning practices to allow for more flexible mixed-use opportunities along Euclid Avenue. I’m pleased that Council supported this vision by approving zoning changes for the Old Village Way development, which will transform a portion of General Business zoning into space for for-sale townhomes. These new homes will not only complement the surrounding residential neighborhood but also strengthen the nearby business district.

Taken together, these steps are about protecting our community’s character, strengthening our neighborhoods, and ensuring Wickliffe continues moving in a positive direction.

I’m always happy to hear from you—feel free to reach out by email at tthielman@cityof-wickliffe.com or give me a call at 440-251-5782.

What’s been happening in the city

Let’s start with road projects and improvements. The Ridge Road project started late this summer and should be completed before the snow flies this winter. The total estimated cost of this project was \$2,773,000.00, but with the Federal grant money, the cost to the residents is only \$251,357.00.

The Euclid Ave. project for 2026 is also a joint effort through the Federal Government and the cities of Willowick and Willoughby. This project will start late summer of 2026 and it will go from the Wickliffe-Euclid line to St. Rt. 91.

In 2026, hopefully we can get Rockefeller Road and East 290th repaved. These two roads were supposed to be done in 2025, but had to be removed from the list due to budgeting issues.

The Sunset Development project (the cottage-type apartments on Euclid Avenue at Bellview) should be open later this year (or early next year) as they continue to work on the two-story apartment building in the rear of the property. There has been a lot of discussion over the long dirt pile in front of the apartments. This was not on the original plans submitted to the city, so they will either have to remove the pile or go back to Planning Commission for approval. Either way, this issue will have to be addressed before they will be able to open.

At Green Ridge Golf Course, the dredging of the pond to improve the irrigation system that waters the golf course was completed this year. There are still some areas that need to be repaired due to the dredging; this is being addressed. The problem with the greens on the golf course was a fungus that killed the grass. The city had people come in and inspect the greens and advised the city on how to deal with the fungus. Hopefully by next spring that issue will be resolved.

I am sure you have seen on the news about issues the cities of Willowick and Eastlake are having dealing with rat problems. Wickliffe is no different. We have had numerous complaints from residents, especially on the north side of the city, about seeing rats. The Service Department is trying to handle the problem as best they can by baiting the catch basins. Residents also can help. City Council passed an ordinance prohibiting the ground feeding of animals including

Ward 2
Randy
Gerhardtstein

birds. Rats come because there is a food source; be it by feeding stray cats, throwing food out for the birds, or feeding the many deer that we have though out the city. Please do your part. If you feed the birds, please follow the guidelines using raised bird feeders instead of ground feeding.

Council will begin working on the city budget early next year. Please know that as a city council member, I try to make sure we spend your money wisely. We need to focus on controlling spending while making sure the residents have the city services you have come to expect from the city.

In closing, I would like to say Thank You for allowing be to be your representative for Ward 2 for five years. It has been an honor, and I thank you for the opportunity to be your voice. I hope to continue service to the residents as I seek the position of Council President this fall.

I have been in contact with the new Ward 2 representative, Justin Ball, and assured him that I will be available to help him with any questions that he may have.

Remember that you can watch the Council meetings live on the second and fourth Mondays of the month on YouTube. You can also watch previous meetings there as well.

You can follow me on Facebook to keep up with things going on in the city @ Randy Gerhardtstein-Councilman Ward 2 Wickliffe.

If you need anything or have questions you can reach me by call or text at (440) 343-2183 or by email Rgerhardtstein@cityofickliffe.com.

Thanks for allowing me to represent you in city council.

Reflecting on Eight Wonderful Years of Service as Council at Large

As I reflect on the past eight years serving on the Wickliffe City Council, I’m filled with gratitude for the opportunity to give back to the city that has given me so much. Having been born and raised in Wickliffe, this community has always been the perfect home for my family—and it has been an incredible honor to help guide its progress while preserving the values that make it such a special place.

Throughout my time on council, I’ve been proud to support meaningful improvements, particularly along the Euclid Avenue corridor. This key area of our city is not only a gateway to Wickliffe, but also a focal point for continued development and community pride. I’m excited about the steps we’ve taken to move the city forward, and I’m hopeful for the progress yet to come.

Equally important to me has been championing our city’s cherished amenities—our parks, pools, and public spaces that bring neighbors together and enrich daily life. These assets are part of what makes Wickliffe a vibrant, family-friendly place to live, and I remain committed to their support and continued improvement.

As someone who has spent a lifetime in Wickliffe, I’m proud to see how well our city

Council

is maintained and how our friendly, supportive atmosphere remains as strong as ever. Our community spirit is one of Wickliffe’s greatest strengths, and I’m deeply honored to be a part of it.

Thank you for the continued support, and for allowing me the chance to serve the community I’m so proud to call home.

As always, please feel free to call or text with any needs, questions, or concerns at my cell: 216.469.8173.

Have a most Beautiful Autumn Season my fellow Wickliffians!!

does not cooperate with us on the Nov. 9 date, then the following Sunday, Nov. 16 will be our alternate date to hold this event also at 2 p.m. and same location.

We welcome and encourage community participation, and we also want to ensure that everyone is safe therefore, we ask that children be accompanied by an adult during this event. This is a great opportunity for students who may need to fulfill community service hours. Following the completion of their leaf raking assignment, teams can return to the Wickliffe Community/Senior Center for some well-earned fall refreshments.

A growing concern

It seems we all have “that one overgrown house” in our neighborhood. The one where the grass and weeds are tall, and the bushes are out of control.

Do you remember when everyone spent an entire weekend afternoon working in their yard? Many people now use lawn services, which are great, but in many ways, they have taken away conversations with neighbors and interest and pride in caring for your own property.

The building department receives many complaints about homes with unkempt yards and other unsightly issues that are in violation of City Ordinance. Simple yard maintenance including putting usable items into proper storage, inspecting the exterior of your home and accessory building(s) and performing general maintenance can go a long way in keeping your property looking good while maintaining its value and remaining violation free.

Here I will give you a breakdown of what is expected to keep our city looking good:

• **Landscaping and Yard Care:** Lawns and landscaping shall be maintained so as not to constitute a blighting or deteriorating effect in the neighborhood. Overgrowth of landscape, dead and dying trees, limbs and other natural growth should be trimmed, cut and all debris from the same removed. Building and landscape materials intended for use in landscaping shall not be left outside unused open or covered for a period of time to not exceed six months. Grass and weeds shall not exceed 8 inches, or a notice violation to cut may be sent to owner, posted on property and city contractors can cut within 3 days of receipt and a minimum charge of \$250.00 will apply.

• **Garbage and Rubbish Storage:** Trash receptacles are not to be stored in the front yard of any parcel of land extending from the front wall of home to the front right of way property line across the full width of lot. Any trash or organic waste that could attract insects or rodents should be placed in a covered garbage receptacle. Please store receptacles in proper storage area and return cans from street after collection on collection day.

• **Exterior Building Conditions:** Homeowners are required to make sure that their home and accessory buildings are maintained and in good repair regarding the exterior paint, siding, structures including but not limited to: roofs, gutters, exterior doors, windows, exterior trim, walks, drives, front steps, landings and railings.

Ward 4
Sherry
Koski

• **Street Number Visibility:** Property owners are also required to properly display the street number assigned to their home. The number must be placed on the fanlight, transom, entrance steps, gate, or at the nearest practical point to the entrance, ensuring it is always plainly visible from the sidewalk. Numbers must be displayed on the front of the building facing the street on which the property is addressed, so they can be easily identified. Could you please check on your older neighbors and offer to trim back what is necessary to make their address visible for safety services and for deliveries? We all see posts about packages going to the wrong address.

• **Gutter Maintenance:** Homeowners are encouraged to keep their gutters clear of leaves, debris, and blockages. Clogged gutters can lead to water damage, including roof leaks, foundation problems, and basement flooding. Overflowing gutters may also create hazardous icy spots in colder months and contribute to mold or mildew buildup on siding. Regular gutter cleaning helps protect the structure of the home while preserving neighborhood appearance.

• **General Property Appearance:** Property owners may not allow conditions that harm neighborhood appearance, reduce property values, or create fire, health, or safety hazards. Prohibited conditions include broken or dilapidated fences, out-of-use appliances or auto parts, unsightly furniture, debris, or materials stored in plain view.

These measures are designed not only to enhance the look and feel of neighborhoods but also to promote public safety, preserve property values, and protect the overall quality of life in our city.

With the weather changing now is also a good time to complete furnace maintenance and check the batteries in your smoke and carbon monoxide detectors too.

I hope you are able to spend some time enjoying your yard and your neighbors this fall.

Winter is approaching ...

Over the past 5 years we have had some very uneventful winters and a few normal winters, but you always have to be prepared and the earlier the better.

What I will be writing about is general things you may want to consider when hiring a contractor to plow your driveway or your business. First, never pay for the whole season up front; you may never see them again. Some contractors may bill you monthly or split payments in two. Second, make sure they have references, or they plow someone’s driveway that you know.

On the City website, there is a list of registered contractors that you are able to contact for an estimate. Some people like paying per push which makes it fair. Other people like to pay for the whole season so they know their contractor will automatically show up and not have to worry if their driveway will be plowed.

There are few things that you may want to ask such as: how many inches of snow will they come out for? Most the time they will push when it’s 2”. Will they plow a few times a day if it keeps snowing? Do they shovel my sidewalk, pathways to the door or my steps? It may cost more, but make sure you ask these questions prior to signing a contract. Be sure to have all the information in writing and, as always, ask for their phone number.

I often read on social media where residents are concerned that their plow guys have not been there to plow. Please be patient, especially if it is snowing heavily. When the snow is rapidly accumulating, it may take a longer amount of

Ward 1
Jim
Bala

time for them to plow driveways or parking lots. Trucks and plows are not invincible, they do break down and need repairs, so please be patient. They hopefully will get there before you have to get to work.

Wickliffe also has some ordinances that should be followed; here are the basics:

PLEASE DO NOT:

- Plow or block fire hydrants.
- Plow or blow snow into the street.
- Plow, blow, or shovel snow into the neighbor’s yard.
- Plow snow from your drive across the street onto the neighbor’s tree lawn.
- Block sidewalks with snow removed from aprons.
- Park your vehicle in the street when two (2) inches or more of snow has fallen.
- Enjoy the snow, but be careful and be safe if you are shoveling out there.
- If you need to reach me, please call at 440-478-6772.

Smoke Detector Safety Regulations for the collection of garbage, recycling and yard waste

BY LIEUTENANT ANTHONY ZORKO

Firefighter

Everyone knows that smoke detectors are important and that they help save lives. But smoke detector safety is more than just “having them.” It’s important that your detectors are properly placed in your home and routinely maintained.

A working smoke detector should be placed on every level of your home. That includes basements and attics where applicable. Detectors should be placed on the ceiling. Try to avoid installation near kitchens and bathrooms. Steam or smoke can cause your detector to frequently false alarm increasing the likelihood of your removing the battery to avoid the annoyance. If you forget to replace the battery afterward, you’re putting yourself at risk. It is a good idea to place detectors at the tops of stairs because as smoke rises it’ll come in contact with an alarm faster than one placed farther from a stairwell opening.

It cannot be overemphasized to have a smoke detector near your sleeping area, for example in the common hallway outside the bedrooms. Did you know the intention of a smoke detector is to wake you from sleep in the event of a fire emergency? Chances are that during the day you will see or smell smoke to alert you of a problem, often before or as your detector alarms. But at night, especially if you sleep with your bedroom door closed, you may not sense danger until after a fire has grown. And it’s the poisonous gases in the smoke produced by fire that are likely to hurt or kill you, not necessarily the fire’s flames.

Testing and maintenance of your smoke detector is fairly easy. It is recommended that the battery be changed twice each year. The most

popular times are when you reset your household clocks (Fall Back/Spring Ahead). Smoke detectors should be tested monthly to assure the battery has not expired prematurely or the detector itself hasn’t failed. Often the tip of a broom handle can be pushed against the “test” button until the detector alarms. Most detectors have a separate “chirp” alarm to alert you when battery power to the unit is low. If you routinely test your detector, it becomes easier to tell the difference between the sounds.

What kind of detector should you buy? Any detector, as long as it has an Underwriters Laboratory (UL) label. You can purchase them at most retail or hardware stores. And it is recommended that a detector be replaced ten years after its purchase date. Most new detectors are labeled with an “expiration date.” But you can write the purchase date on detectors without such marks since years from now it’s difficult to remember when a detector was purchased and installed.

If you’re elderly, infirm, or otherwise unable to change your smoke detector batteries, call the Fire Department (440-943-1234). We’ll send out one of your friendly firefighters to assist you. If you live outside the City of Wickliffe, contact your local fire department. Many offer similar smoke detector services.

Be Safe.

In order to facilitate better refuse collection, the following regulations must be strictly adhered to:

KIMBLE SERVICES – (800) 201-0005

Wickliffe is served by KIMBLE waste services. Disposal guidelines are displayed on the lids of the KIMBLE containers. KIMBLE bills residents quarterly for trash services.

Your cooperation in observing these rules will help the City give you more efficient service and a cleaner city. Please call KIMBLE at (800) 201-0005 or check their website at www.kimblecompanies.com if you have any questions about garbage or recycling collection.

GARBAGE COLLECTION GUIDELINES: All refuse must be placed on the curb at the tree lawn no sooner than 4:30 p.m. on the day prior to the scheduled waste collection, nor later than 6:45 a.m. on the day scheduled for the pickup. All rubbish and yard waste containers must be removed from the tree lawn by 9 p.m. the day of the collection. The City will not be held responsible for damage done to collection containers.

Collection days for garbage and yard waste are delayed one day when the holiday falls on a regularly scheduled pick-up day. Collections will be one day late on the following holidays: NEW YEAR’S DAY, MEMORIAL DAY, JULY 4th, LABOR DAY, THANKSGIVING DAY and CHRISTMAS DAY.

SOLID WASTE: shall be placed in the vendor issued 96-gallon two wheeled carts. The carts are to be placed within 3 feet of the street with the lid opening facing the street. Your cart must be at least 3 feet from objects such as other trash or yard waste containers, bundled yard waste, bulk items set out for collection, parked cars and mail boxes. On the occasion that you cannot fit all household trash in your cart, please place excess trash in separate containers or trash bags for collection on your regularly scheduled collection day.

CARPETING: and padding must be cut, rolled and tied in lengths not to exceed four (4) feet and in bundles weighing no more than 40 pounds. Bundles must be wrapped in plastic and duct taped.

FURNITURE: is collected on your regular trash day. Due to emergence of bedbugs throughout all areas of Ohio, upholstered furniture, mattresses, box springs and rolled up carpet must be wrapped in plastic and tightly taped with duct tape. If not prepared as indicated, the items will be left at the curb. If tagged for non-compliance, and after wrapping the item

as directed, residents may then call KIMBLE at 800-201-0005 to schedule a pickup.

APPLIANCES: are collected on your regular trash collection day, including refrigerators, stoves, hot water tanks (water removed), washers, and dryers. Please remove refrigerator doors & locking appliance doors.

YARD WASTE: Yard waste must be placed in 65-gallon dark green yard waste containers supplied by KIMBLE. Excess yard waste material may be placed in 50-lb. biodegradable paper yard waste bags or in your current yellow yard waste container. Black plastic bags or regular trash containers will not be picked up.

All tree limbs, shrub cuttings and wood must be cut into lengths not to exceed four (4) feet and tied in bundles with cotton cord (not nylon twine) not to exceed 40 pounds. Note: Grocery bags are not acceptable containers for yard waste. Yard waste collection runs from March 1 through Dec. 15 on the same day as regular trash collection. There is no yard waste collection in the months of January and February.

NO CONSTRUCTION WASTE: Dirt, stones, rocks, construction and/or building materials and automotive parts will not be picked up.

NO CAR TIRES: Car tires are not included in our curbside trash pickup. Lake County Solid Waste District hosts a scrap tire collection once a year. Call their office at (440) 918-2908 for information.

RECYCLING: All recyclables are to be placed in the 65-gallon bright green recycling cart supplied by KIMBLE. No sorting or bundling needed. Do not put items in plastic bags, loose collection preferred.

See the KIMBLE insert for a list of what can and cannot be recycled. **Please note:** Shredded paper is not recycled and should be bagged and put in your garbage cart for disposal.

HAZARDOUS WASTE: Oil-based paints, thinners, oil or flammable materials will NOT be collected. Watch for notice of household hazardous waste collections, offered by the Lake County Solid Waste District in the spring and fall, for disposal of these types of materials.

PAINT: Latex paint can be disposed of with the trash if it is dried up. To dry latex paint, remove can lid and allow paint to evaporate until dry. Latex paint can be solidified by mixing in an equal amount of an absorbent material (kitty litter, sawdust, etc.). Put the dried paint can in a plastic bag in your garbage can for disposal. Oil-based paints and other solvents must be taken to a household hazardous waste collection for disposal.

Since 1994, Kimble Recycling & Disposal, Inc. has provided convenient recycling service to our Eastern-Ohio customers. Take a minute to learn about our many recycling programs and what we recycle.

Contamination in the recycling stream is making it difficult to process clean recyclable material. Items such as plastic bags, food residue, styrofoam, batteries, electronics, etc. are among the top contaminants and are not accepted at our recycling center.

If your item is not on the approved list please put it directly into the trash. All items should be clean, dry and placed loosely (unwrapped) into your recycling. Together, we can help protect the environment and build a more sustainable future.

RECYCLING RIGHT - In 3 Easy Steps...

1. When in doubt... **THROW IT OUT!**
Make sure that all items are on the Kimble Recycling Center's approved list of accepted recyclables. If the item is not on the list or if you are unsure, place it directly into the trash.

2. Recyclables must be clean and dry.
Food and liquid are contaminants. No dirty jars or bottles with water still in them. Cardboard must also be clean and dry. Greasy glass items are not recyclable.

3. No need to sort or bag your items.
Place your approved recyclables in your Kimble Recycling Cart all together. Items should be loose and unbagged. Plastic bags are one of the largest contaminants at our Recycling Center.

Fall into Fun: Tree Planting and Stormwater Tips for Autumn

As Ohio's fall unfolds with vibrant leaves and shorter days, it's the perfect time to tackle stormwater management with tree planting! Cooler temperatures and autumn rain create ideal conditions for root growth, helping trees establish in spring before summer's heat. A medium-sized tree can soak up 2,300 gallons of rainwater yearly, reducing runoff into storm sewers and protecting our streams and lakes.

Why Plant Trees in Fall?

Fall is ideal for planting trees and shrubs in Ohio due to chilly temperatures and autumn rains, which promote root establishment in cool soil. This reduces the need for watering and helps trees withstand next summer's heat. Planting native vegetation allows water to infiltrate soil which replenishes groundwater, reduces flooding, and minimizes stormwater loading into storm sewers.

Trees also stabilize soil, can raise property value, provide wildlife habitat, lower summer temperatures, improve air quality, and enhance aesthetics. To plant successfully:

- Dig a hole 2-3 times wider than the root ball but no deeper, ensuring the root flare (where roots meet trunk) sits at ground level when planted.
- Loosen the root ball to encourage growth; avoid planting in small or deep holes, which are common issues that lead to trees failing to establish.
- Water thoroughly and slowly, mulch 3 inches deep around the base while keeping mulch 6 inches away from the trunk and protect young trees from deer with trunk guards or caging for the first few years.

Managing Fallen Leaves

Instead of raking leaves into streets or ditches where they can clog storm drains, contribute to flooding, and carry pollutants into waterways, opt for eco-friendly alternatives like mulching leaves in place with a lawnmower which allows them to act as a fertilizer, compost them for garden use, or leave them in wooded areas for natural decomposition.

Football Tailgate Party

Sunday, Sept. 14 was the date for this year's Tailgate Party and the weather was perfect!! Football fans were welcomed at Club Molisani where a big screen TV broadcast the Browns vs. Ravens game.

Pregame attendees enjoyed a DJ, cornhole, food, and several vendors. OLMC offered pizza and ice cream novelties. The Wickliffe Football Boosters served hamburgers, hotdogs, and fries. Trevi's cooked up mac & cheese, pulled pork, and brisket. The Kettlecorn truck sold flavored popcorn, and Club Molisani offered beverages and adult beverages to patrons.

Special thanks to the following community sponsors whose donations provided the fun that was free to all to attend! Plan to join us next September for another fabulous football afternoon!

Tree planting honors pioneering Wickliffe Italians

A tree planting honoring Wickliffe’s pioneering Italian immigrants occurred on Friday, July 11, at the city’s Coulby Park west entrance, according to Kathy Sugalia, Wickliffe Historical Society president.

“The tree-planting idea stems from oral history of an immigrant who sought a night’s refuge in the branch of a buckeye tree,” said Roland Little, published writer and former Wickliffe resident. “A hundred years ago Wickliffe’s wealthiest families were reliant on immigrant labor for construction, farming and daily upkeep of their estates.”

The top two employers Little identified were Harry Coulby and Frank Rockefeller. Coulby and Rockefeller were captains of shipping and oil industries, respectively.

“Coulby’s Ridge Road mansion (Wickliffe’s present-day city hall) required the skills of Italian craftsman for stonework and construction, while Rockefeller employed gamekeepers and constructed a mile-long track for racing horses. Rockefeller even built streetcar tracks from Euclid Avenue to his estate,” Little said.

Word of Wickliffe’s mushrooming economy reached adventurous Italian laborers, one of whom braved the trip to Ohio, Little added. “I was told this story by an Italian neighbor,” he said. “The boy arrived at sunset and not being able to find his destination, decided to spend the night in a buckeye tree.”

Overtime, the tree became a magnet for generations of tree-climbing boys. It was axed

from the Euclid Avenue landscape with the demolition of Wickliffe Winery and Wickliffe Floral, two retail institutions in the city.

“My brother and I climbed that tree and collected buckeyes for their alleged good luck,” Little recalled.

“A hundred years ago the tree served as nature’s version of an Airbnb,” Little said, adding, “Hence the idea for an acknowledgement of not just one laborer, but all of the Italian families who shaped the city.”

“We posited this idea for a tree planting on social media and it took off,” Little said, noting, “The online dialogue opened discussion about local families especially those connected with Campobasso, Italy. It’s evident there’s a deep connection with how Wickliffe’s earliest residents resonate with present generations.”

Laketrans provides free rides to vote and for veterans

Lake County residents can take Laketrans’ Local Routes 1-9 or schedule a door-to-door Dial-a-Ride free to their polling location for the November 4 general election. Free rides are also available for early voting before Election Day at the Lake County Board of Elections at 105 Main Street in Painesville.

Early voting started Oct. 7 and continues until Nov. 2.

Laketrans now operates its door-to-door Dial-a-Ride service seven days a week and can take residents to vote early on Sunday, Nov. 2 at the Lake County Board of Elections.

“Transportation should never be a barrier for someone to exercise their right to vote,” shared Laketrans CEO Ben Capelle. “We’re more than happy to make sure our residents have access to the general election so they can get to the polls or vote early.”

Polling locations in Lake County are open from 6:30 a.m. to 7:30 p.m. on Nov. 4. There is no in-person voting at the Board of Elections on Election Day.

Residents who prefer to take Laketrans’ Local Routes 1-9 simply need to inform their bus driver when they board the bus that they are going to vote or just voted and the trip will be free.

Dial-a-Ride, Laketrans’ door-to-door service, will also provide rides to early voting or polling locations at no charge and requires a reservation 1 to 14 days in advance. To schedule a Dial-a-Ride reservation, call Laketrans Customer Service at 440-354-6100.

For early voting times or to find your voting location, contact the Lake County Board of Elections at 440-350-2700 or visit their website at <https://www.lakecountyohio.gov/boe/>.

Laketrans is also honoring Lake County veterans with free fares the week of Veterans Day. From November 9-15, Lake County veterans can ride all Laketrans services fare free by simply telling their bus driver they are a veteran when they board the bus or schedule a trip.

The New York City Theatre Tour

BY HERM RUEGER

What began in 1961 by Michael Lenenski – Wickliffe Sr. High School Choral Music and Drama educator – has become the longest running production in Wickliffe’s history – 62 years and still running.

The Musical Arts Program (instrumental and vocal) in Wickliffe gave thousands of students a life-long love and appreciation of good music.

The original purpose of the NYC Tour was to introduce high school choir members to live Broadway Theatre – a time before there was a Playhouse Square. This helped inspire the students as they would return to Wickliffe where they would put on their own musical extravaganza.

The annual tour was organized to take place during Easter vacation. The eight-day adventure included five Broadway Musicals, guided tours, a Radio City Easter Pageant, attending a TV game show, sightseeing/exploring and fine dining.

With the passage of time, this tour has continued because of the interest not only from former

students, teachers and townspeople, but others from across the country and abroad – while still focusing on the Great American Musical.

The charter tour begins mid-June for five days and four nights that includes three Broadway Musicals (with option to purchase two additional shows), lodging one-half block from Times Square in the Heart of the Theatre District, optional side tours, plenty of free time for personal exploration and professional orientation and guidance.

With Michael Lenenski’s passing in 2022 the tour has been carrying on with the guidance of Herman Rueger, former student. (While on the 1966 Tour as a high school senior – he commented that it would be a once-in-a-lifetime visit to NYC – never thinking he would ever have the opportunity to return. He has since assisted with twenty tours, and three, now leading the tour, filling Michael Lenenski’s shoes).

Every annual tour is a unique adventure – and still keeping “the longest running production in Wickliffe’s history” going. For more information contact Herm Rueger at 440-943-5377.

PAVILION RESERVATIONS

RESIDENT PAVILION REQUESTS You can take advantage of our online pavilion reservation process at cityofwickliffe.activityreg.com. The Recreation Department, located at City Hall, can accommodate in-person reservation requests during office hours. A \$40/\$50 rental fee is required for all pavilion reservations. **Reservations for 2026 will be available beginning Jan. 2, 2026.**

Use the QR code or go directly to cityofwickliffe.activityreg.com

Once at our registration site, it's best to create a log-in profile first by clicking “Create an Account” and following the instructions to complete your profile. When complete, click “home” to return to the home page. You may then proceed to “Pavilion Reservation,” select your park location, and follow the prompts to complete your reservation. Once your request has been processed, you will receive an email with a copy of your permit. Please note: All permit requests are **TENTATIVE ONLY** until approved by our staff. You will be notified upon approval. Your credit card will not be charged until the requested reservation is approved and processed. In-person payment may be made by credit card, cash, or check made out to the City of Wickliffe. Payment secures your reservation. The rental fee is refundable with a one-week notice in writing. Pavilion usage is on a “first come, first serve” basis in the absence of a confirmed reservation.

9/11 Patriot Day

The annual Patriot Day Remembrance Event was held at Liberty Gardens on the morning of Thursday, Sept. 11. This commemoration honors the victims of the Sept. 11, 2001 terrorist attacks on the United States.

The Wickliffe Police and Fire Departments, as well as the Wickliffe Service Department, the American Legion, the Wickliffe High School Marching Band, Rabbi Ari Wolf, and Councilperson Randy Gerhardstein and his wife Monica participated in this year's event. We are thankful to each of them as well as all the guests who attended this solemn observance.

Wickliffe's Liberty Gardens was created in 2003 in response to a request to communities across the United States to create memorials and hold annual commemoration events to ensure that we NEVER FORGET the innocent victims of the attack on the USA. This beautiful space is located at 29363 Euclid Avenue and is open to the public year-round.

The ceremony and the space represent our dedication to those who lost their lives and our support of those in our armed forces who defend our freedom both at home and abroad.

Please mark your calendar for Friday, Sept. 11, 2026 when "We Will Remember" and observe the 25th anniversary of 9/11.

FALL HAS ARRIVED!

DAVID KROFCHECK

Director of Public Service

The Service Department will begin curbside leaf collection beginning the week of Oct. 13, 2025 through Dec. 1, 2025 (weather permitting).

There is no pre-set leaf collection schedule. Only leaves should be raked to the curb (see below) or use your Kimble yard waste bins for leaves and debris.

Kimble will continue to pick up yard waste through Dec. 15 and resume service on March 1. There will be no yard waste pick-up in January and February.

We realize that some areas in our city do not have large tree lawns to accommodate leaf piles, but please do your best to keep the piles contained. If leaf pick up would be discontinued for the season due to weather or a reason beyond our control, residents would be required to bag the leaves and they will be picked up by Kimble on your regular trash day.

Keep in mind that equipment breakdowns do happen and poor weather conditions can result in slow downs.

LEAF COLLECTION GUIDELINES

- Please do not block fire hydrants or sidewalks.
- Leaves only should be raked loose to the curb, but not into the roadway. The leaf pile should be free from landscaping debris (i.e., grass, sticks, brush, stones, rocks, bushes, trash) to prevent damage to our equipment and personnel.

- Improperly placed leaves in the roadway, over storm water drains or open ditches may cover inlets causing a potential blockage and restrict water flow. Please be sure that leaves are not piled incorrectly.

- Leaves may also be placed in 65-gallon dark green yard waste containers supplied by KIMBLE or bagged in 50-lb. biodegradable paper yard waste bags and disposed of with normal yard waste pickup. Black plastic bags or regular trash containers containing leaves or other yard waste will not be picked up.

Any updates or information may be found on www.cityofwickliffe.com on the Service Department page or visit our Facebook page: The City of Wickliffe, Ohio Service Department. Please feel free to contact me at 440-943-7125 with any questions or concerns.

Happy 75th Anniversary Mike & Doris Palgut

It was 1948 when young Mike first saw his new neighbor on E. 126th Street. He thought to himself "That's my kind of girl!" Two years later, Mike and Doris ran away together in their '46 Plymouth to elope in Angola, Indiana. In 1962 they settled into their Wickliffe home with their four children, where they have been ever since. This summer, Doris celebrated her 94th birthday, Mike celebrated his 96th and they marked their anniversary in August. Congratulations on 75 years of marriage and a lifetime of memories together!

Welcome Back to Wickliffe, Jayne

On Aug. 14, 2025 the City of Wickliffe was honored to welcome Jayne Kennedy Overton back to receive a proclamation from Mayor Joe Sakacs.

It would be hard to believe that you hadn't heard of Jayne Harrison Kennedy if you grew up in Wickliffe in the 1970's and 1980's. Jayne is one of Wickliffe's "native daughters" who was in the Cleveland area the week of Aug. 11 to receive additional honors and accolades following a prestigious career. Jayne is currently "on the road" promoting her new memoir Plain Jayne, which is available on Amazon and debuted #1. While she was here, we welcomed her to City Hall where she took time to meet with Mayor Sakacs and receive a proclamation for all her

accomplishments. In the following paragraphs, we will share a few highlights of her career.

Jayne Kennedy was born in Washington DC, but her family moved to Wickliffe in 1957 and she and her siblings attended Wickliffe schools. While at Wickliffe High School, Jayne was the captain of the cheerleading squad, served as sophomore class vice president and junior class president, and was a member of the National Honor Society. She was a model for the May Company Teen Fashion Board for two years during high school. In addition to all of this, in the spring of her senior year at Wickliffe High, she was crowned Miss Ohio and back home at Wickliffe High, the gym erupted when Jayne's name was called the winner of the Miss Ohio

pageant. She then moved forward into the National Miss USA competition where she placed in the top 10! Jayne tells the story of how the school set up televisions during Prom (which she missed attending the Miss USA competition in Miami, Florida) so her friends and classmates could watch.

After graduation, she moved to Hollywood and appeared as a dancer on *Rowan and Martin's Laugh In*. She was "discovered" backstage at an event by Bob Hope who invited her to join his *Bases Around the World Christmas Tour* during the Vietnam War. This was the springboard to many other roles on television and then on the silver screen for the next three decades. She worked with many professionals in the industry including Dean Martin, Dick Clark, Billy Dee Williams, Sammy Davis, Jr., and Diana Ross to name just a few!

She also became a spokesperson and one of the first black women to promote global brands such as Coca Cola, Revlon, and Jovan both in print and on television. Jayne is known for breaking the barrier and opening the door for women in sports broadcasting with her role as co-anchor on the Emmy Award winning CBS's *The NFL Today*. She has received multiple awards for her roles in broadcast and sports journalism as well as her work in television and movies. She has graced the covers of many popular magazines. She wrote, produced, and starred in her very own fitness program *Love Your Body*, which set the standard for may fitness programs to follow. Jayne co-produced the NAACP Theatre Award winning *The Journey of the African American Musical* staged production. She even created a line of sewing patterns with Butterick!

She has been a keynote speaker at many events and continues to champion women and promote diverse perspectives in entertainment and media. Jayne is also well known for her philanthropic work with the Children's Miracle Network and the Lou Rawls United Negro College Fund.

This fall, Jayne launches her new fragrance, Jayne Kennedy SUN and Jayne Kennedy MOON. Both 100% organic for both female and male (gender neutral). Designed with the essence of the things that fill her soul: tobacco, frankincense, myrrh, and opals (her birthstone).

Personally, she has been married to her husband Bill Overton for 40 years and they have four daughters Cheyenne, Savannah, Kopper, and Zaire, as well as two grandchildren: Jaris and Kingyari. She prioritized raising her children and is now working with her daughters on a campaign focused on strengthening the bond between mothers and daughters and addressing broader social issues in an effort to improve communities. And if that wasn't enough, she also finds a deep sense of purpose mentoring college-bound young girls. In her "spare" time, Jayne enjoys sewing, knitting, crocheting, jewelry-making with her own line of designs: Jayne Kennedy Overton Originals (JKOO), and pencil sketching; all things she learned as a little girl on 298th Street in Wickliffe!

Jayne is a beautiful person, both inside and out! She visits her brother in Wickliffe occasionally though she lives in Los Angeles, she is proud to tell people she is from Wickliffe, OH. She is an icon, a role model, and an inspiration to women from all walks of life. Beyond the lights, cameras, and accolades, she continues to display the strength and heart that comes from her roots in Wickliffe, OH.

Wickliffe is proud to recognize Jayne for her achievements, her generosity, and for continuing to be a source of pride for our community. She will always be one of Wickliffe's brightest stars! We congratulate her on her continued success, encourage her in both the promotion of her memoir and as she inspires people to follow their dreams and not listen to the nay-sayers, and recognize her as an outstanding native of Wickliffe, OH!

To order Plain Jayne and/or her new signature fragrances, or to learn more about Jayne, please visit JayneKennedy.com.

Happy Birthday Bob

On July 21, 2025, Robert Lee Zook, affectionately known as "Bob," celebrated his 95th birthday. Born in 1930, Bob's life has been a testament of his unwavering commitment to family, his honorable service to our country, and his dedication to our community.

After graduating from Willoughby Union High School with the Class of 1949, Bob answered the call to serve his country. In 1950, he enlisted in the United States Navy, where he served honorably as an Aviation Machinist's Mate (AD), Petty Officer Third Class, until 1954. Stationed at Miramar Naval Air Station and assigned to the U.S.S. Boxer, Bob played a vital role as a Photo Reconnaissance Plane Mechanic.

His exemplary service earned him several distinguished honors which include:

The Naval Defense Service Medal, Good Conduct Medal, Korean Service Medal, and United Nations Service Medal.

In 1955, Bob married Jean J. Sabruno, and together they built a warm and loving home in Wickliffe. They raised three children: John, Mary Ann (Sason), and Kathy (Kobetsch), and

their family grew to include 5 grandchildren and five great-grandchildren.

After his military service with the Navy, Bob had a successful career as a Sales Engineer with ARCOR in Willoughby where he worked for 38 years before retiring in 1995. He is an active member of the Veterans of Foreign Wars Post 9295 and Our Lady of Mount Carmel parish.

The honorable Mayor Sakacs presented Bob with a Proclamation from the City of Wickliffe, Ohio, while joining Bob's family to celebrate stories, laughter and heartfelt appreciation of Bob's remarkable 95 year journey.

Wickliffe Forever Foundation Celebrates 8th Annual Rock the Mansion and Prepares for Tree Lighting

The Wickliffe Forever Foundation proudly marked the 8th annual Rock the Mansion at the historic Coulby Mansion. Headliner Wide Awake, the U2 tribute band from New York, electrified the audience with an unforgettable performance of the band's greatest hits.

The evening also featured standout performances by Ace Molar with Todd Meany of Fox 8 and Mike Mulroy of Wickliffe and Friends, who brought local flair and hometown pride to the stage. Together, the lineup created an atmosphere of excitement and energy that reflected both Wickliffe's spirit and the talent it attracts.

Guests enjoyed a variety of food trucks offering local flavors, and the night concluded with the traditional fireworks display over Coulby Mansion, a spectacular finale that has become a hallmark of Rock the Mansion.

The Wickliffe Forever Foundation extends its gratitude to Truline Industries and Tour Lake County Ohio, whose generous sponsorships make it possible to continue this beloved tradition. Their support ensures that Rock the Mansion not only entertains but also brings visitors into the city of Wickliffe, highlighting its rich sense of community.

Up Next: Wickliffe Forever Foundation Tree Lighting

The Wickliffe Forever Foundation now turns its attention to the holiday season with the annual Tree Lighting Ceremony at Coulby Mansion on Saturday, Nov. 29 from 6-8 p.m. This free community event will feature the arrival of Santa and Mrs. Claus, who are eager to greet children and families. Attendees can also look forward to horse-drawn carriage rides, holiday music, bike raffles, and seasonal treats, including hot coffee and hot chocolate.

Beginning Nov. 10 thru Nov. 20, children are invited to the Wickliffe Library to create ornaments for the Official Wickliffe Christmas Tree. Each participant will have the chance to be selected as the individual who will flip the switch to officially light the tree during the ceremony.

Those interested in sponsoring the Tree Lighting event are encouraged to contact the Wickliffe Forever Foundation at wickliffeever@gmail.com.

My vision for Wickliffe is focused on smart balanced economic growth. We all want a city that thrives, not just with more businesses, but with the *right* businesses.

Lake County Catholic Schools: A Network for the Future

The landscape of Catholic education in Lake County is evolving, and it's built on a new model of shared strength and community support. The **Lake County Catholic School Network (LCCSN)**, a direct result of the Diocese of Cleveland's "Keeping the Faith" initiative, represents a partnership between

six area parishes: Immaculate Conception (Willoughby), Our Lady of Mount Carmel (Wickliffe), St. John Vianney (Mentor), St. Justin Martyr (Eastlake), St. Mary Magdalene (Willowick), and St. Noel (Willoughby Hills). The network's core mission is to ensure that Catholic elementary schools in Western Lake

County remain a vibrant and accessible choice for families.

The LCCSN provides shared leadership and resources with oversight by a President, Finance Director, Board of Directors (education experts and parish representatives) and Board of Members (pastors of each member

parish). This collaborative approach allows individual schools to thrive while benefiting from the collective expertise and support of the network. It's a testament to the belief that by working together, the Catholic community can create an even stronger future for its children's education.

Two Catholic Schools in Wickliffe, Ohio: Mater Dei and All Saints

At the heart of the LCCSN are two well-established schools in Wickliffe: **Mater Dei Academy** and **All Saints School**. While both schools are now part of the same network, they maintain their unique identities and traditions, offering families distinct, yet equally excellent, Catholic educational experiences.

Mater Dei Academy: A STEM-Designated School

Located on the grounds of Our Lady of Mount Carmel Church and operating since 1955, Mater Dei Academy is an **Ohio Department of Education STEM-designated school**. It's

committed to providing a Christ-centered education that empowers students in pre-kindergarten through eighth grade to grow spiritually, academically, and socially. Mater Dei's philosophy is rooted in teaching doctrine, building community, and serving others. The school is known for its challenging curriculum and emphasis on moral values, preparing students to be compassionate leaders and courageous innovators.

All Saints School: A Community of Faith and Learning

Established in 1977 and founded by St. John Vianney Church in Mentor, All Saints School is

a Catholic community located on the beautiful grounds of the Center for Pastoral Leadership. The school's mission is to provide students with both a strong educational and religious foundation, believing in the necessary partnership between the school and the family to promote spiritual growth, lifelong learning, responsibility, and leadership. All Saints, **also an Ohio Purple Star Designated School**, serves pre-kindergarten through eighth-grade students and prides itself on its close-knit community and active parent involvement. The school's focus is on nurturing a supportive environment where every student can thrive.

The Future is Now

The formation of the Lake County Catholic School Network is more than just an administrative change; it's a strategic move to ensure the long-term vitality of Catholic education in the region. By combining resources and expertise, Mater Dei Academy and All Saints School can continue to provide high-quality, faith-based education for generations to come. This collaborative model demonstrates the enduring commitment of the Catholic community to its schools and its children. It's a proactive and innovative step that secures the future of these cherished institutions and their mission to form young people in the Catholic faith.

The WSAA is proud to announce the 2025 Achievement Hall of Fame Inductees

Gary Drenik, Class of 1969

Gary Drenik graduated from Wickliffe High School lettering in football, basketball, and track. He earned a degree from Baldwin Wallace College in 1973, where he was a two-time football letterman and recipient of the Lee J. Tressel Award for highest team GPA.

After roles in retail consulting at Management Horizons, Gary founded Impact Resources in 1984, helping advertisers and broadcasters measure and improve campaign performance. In 1993, he co-founded Prosper Business Development, serving as President and CEO. Under his leadership, Prosper became a leader in consumer intelligence and predictive analytics, developing proprietary forecasting models used by major companies and earning five Inc. 5000 recognitions.

Gary has authored more than 500 articles for Forbes on data, AI, and analytics, and co-authored the business book When Customers Talk.... Through Prosper's university grant program, its data has supported research resulting in over 35 peer-reviewed papers and several books.

A devoted husband to Lois and father of three daughters, Gary is also the proud grandfather of six.

Beth Wilson-Fish, Class of 1980

Beth Wilson-Fish is a lifelong educator and advocates for equity and excellence in public education, with over 40 years of experience.

After retiring from Orange City Schools, she founded Wilson-Fish Consulting, LLC and has continued to serve as a gifted education supervisor and consultant to numerous school districts across Northeast Ohio. Beth holds multiple degrees and licensures, including a Superintendent license and National Board Certification.

Her career has spanned roles as teacher, counselor, coordinator, and policy advisor. She has served on the Orange City Schools Board of Education since 2015, including terms as President and Vice President, and is active in state and regional leadership through OSBA, OAGC, and the Ohio Department of Education's advisory councils.

A frequent speaker at national conferences and a lifelong supporter of Wickliffe schools, Beth also plays a key role in alumni events and class reunions. She and her husband, Tom (WHS Class of 1980), have four children and three grandchildren.

Peter Formica, Class of 1982

Pete Formica is a lifelong Wickliffe resident, a proud alumnus of the WHS Class of 1982, and a devoted civil engineer, community volunteer, and leader.

After graduating from Geneva College with a degree in Civil Engineering, he passed both the E.I.T. and P.E. exams, becoming a Registered Professional Engineer in 1990. Pete has dedicated nearly four decades to CT Consultants (now Verdantas), where he serves as a shareholder and project manager, overseeing critical infrastructure projects across Northeast Ohio.

For 29 years, he has served as City Engineer for Wickliffe, securing

over \$44 million in grant funding to improve the city's infrastructure.

Pete's service extends beyond engineering—he's a longtime youth football coach, church trustee, mission trip volunteer, and original member of both the Wickliffe Alumni Athletic Hall of Fame Committee and the I&A Club Scholarship Committee.

Above all, Pete is a family man, proudly married to Carol and father to four Wickliffe graduates. His life reflects deep roots, professional excellence, and unwavering commitment to community.

Katie Lauer Wadington, Class of 1991

Katie Lauer Wadington is a nationally respected journalist with over 30 years of experience in both local and national newsrooms.

She is Deputy Managing Editor at The Hill, covering U.S. politics and policy. A former top editor at the Asheville Citizen-Times and editor to USA Today's fact-checking and Washington coverage, her career has spanned major events from 9/11 to the war in Ukraine.

Her leadership and commitment to accurate reporting continue to shape public understanding across the country.

Emily Lauer, Class of 1993

Vice President of PR and Communications at Destination Cleveland, Emily Lauer is a nationally recognized leader in public relations and tourism marketing.

A graduate of Bowling Green State University, she has shaped Cleveland's narrative on the global stage through high-profile events including the 2016 Republican National Convention, MLB and NBA All-Star Games, and the 2024 Total Solar Eclipse.

Her work has earned national accolades and strengthened Cleveland's reputation as a premier destination.

Wickliffe City Schools receive award

MICHAEL CHOKSHI

Superintendent

Wickliffe City Schools is proud to announce that we are one of seven districts that were awarded the GEAR UP Northeast Ohio 2032 (GU-NEO) initiative, a seven-year, grant-funded partnership designed to support underserved students across seven public school districts. This program—funded entirely through federal grant dollars, not local taxes—will serve our students annually in grades 6 and 7, continuing through

high school, with the goal of boosting academic achievement, increasing graduation rates, and expanding access to postsecondary education.

GU-NEO will offer a wide range of evidence-based services including tutoring, mentoring, college and career advising, financial literacy, and family engagement events. These activities will take place during the school day, after school, and over the summer, ensuring year-round support. The program is a vital investment in the region's future—made possible without impacting local taxpayers.

Wickliffe Students Craft for a Cause with Sew 4 Service

Wickliffe's Learn. Lead. Serve. (LLS) students are teaming up with Sew 4 Service and our fifth graders to make a real difference for children in foster care. Together, they are creating colorful, encouraging patches that will become part of market bags filled with comfort and care.

Sew 4 Service, a local nonprofit, provides fabric, yarn, and supplies, hosts community sewing events, and delivers handmade items to charities across Cuyahoga, Lake, and Geauga counties. LLS students began the project by learning about Sew 4 Service's mission and creating their own patches. Fifth graders then designed patches with uplifting messages and creative designs. Next, the students will collaborate to sew the market bags, combining their efforts into a true Wickliffe Blue Devil service project.

This partnership teaches students hands-on skills, teamwork, and the power of giving back—showing that even small acts of creativity can have a big impact. Special thank you to Mrs. Braun and Mrs. Nemeckay for sharing their students' talents and preparing them for civic service for community health and awareness.

How to Help

Community members can get involved with Sew 4 Service in several ways:

- Pick up a charity kit to sew at home and return it for delivery.
- Volunteer at sewing days, help sort donations, or organize the Fabric Stash Store.
- Donate materials like fabric, yarn, notions, sewing supplies, or machines.
- Create your own items and drop them off; Sew 4 Service will deliver them to local charities.

Meet Bruce our therapy dog

In Mrs. Fall's classroom, learning comes in many forms—but some of the most important lessons aren't found in textbooks. They come with a wagging tail and a gentle nudge from our therapy dog, Bruce.

A few times a month, Bruce visits our classroom with his owner Gail Willis. The excitement builds the moment those paws cross the threshold. Smiles spread wide, hands reach out, and the room grows a little brighter. For many of our students, Bruce is more than just a visitor—he's a friend who listens without judgment, offers comfort without words, and reminds us all of the power of kindness.

Students simply sit close by, stroking his soft fur, finding calm and reassurance in his presence. Even students who sometimes struggle to connect with others open up when Bruce is near.

"It's amazing to watch," says Mrs. Fall. "The dog brings out confidence, joy, and calm in ways that we can't always do ourselves. He has a gift for reaching every child in the room."

In a classroom where challenges are met with patience and resilience every day, Bruce reminds us that love and healing often come in the simplest forms—a wag, a cuddle, a moment of quiet connection.

We are grateful to have this special friend in our school, showing our students (and teachers, too) that sometimes the best lessons come on four paws.

Wickliffe Athletics - Fall 2025

HARRISON MCCALL

District Athletic Director
Wickliffe City Schools

This fall has been filled with exciting action for our Wickliffe Blue Devils. The football team is having a successful season including road victories over Shaw and Cuyahoga Heights. Head Coach Marce Porcello also has taken over the top spot in career wins in Wickliffe Football History passing the great and legendary Tom Rosneck. The girls' soccer team is having another strong season including victories over bigger schools such as Geneva and Eastlake North. Our boys' soccer and volleyball teams are showing growth and have had victories over schools with a much higher enrollment size. The cross-country team is competing in some of the best invitationals in the area and continuously working to set new personal bests.

The most enjoyable part is seeing the positive culture that has been built within the student-athletes and coaches. Our veteran and newer coaches regularly support each other's programs and help to provide feedback to each other. Our coaches root for all our teams and love to celebrate the success of any Wickliffe team, even if it is not their own. Our student athletes also support each other a great deal. Fall athletes are often at various athletic events supporting their peers and being some of their greatest fans. They are some of our loudest fans and some of the first ones to congratulate our student athletes after a big win. The camaraderie within the Athletic Program is something that is continuously strived for and has become the expectation at Wickliffe.

As the fall season wraps up, we will quickly begin our winter season, and we hope to see you sometime at a game at The Campus of Wickliffe.

OUR SCHOOLS NEED YOUR HELP!

- ✓ Costs related to educating students have increased
- ✓ State funding has remained the same

The rising costs of fuel, food, and services means the district is paying more for the same things.

Over **\$1 million** in cuts have already been made, but are not enough to meet the funding deficit.

It's been **10 years** since our last operating levy

We need your support to preserve and protect the future of Wickliffe City schools!

Without additional funds, cuts will begin across the district next school year.

These cuts will include:

- ➔ Further teacher, administrative, and other staff reductions resulting in larger class sizes and less course offerings
- ➔ Elimination of full day kindergarten
- ➔ Elimination of bus routes
- ➔ Reduction/Elimination of extracurricular activities such as band, sports, and clubs

Wickliffe Swing Band wrapping up their marching season

The Wickliffe Swing Band has had a great and busy marching season! We have had the pleasure of entertaining crowds under the Friday Night Lights and at Thunder over Aurora, LCMEA band festival and Cardinal Band Night! We also performed our Band On Demand performance on Oct. 3. It is always incredible to watch our students perform and to hear the crowd roar their appreciation!

By the time this prints, we will be wrapping up our marching season. The Swing Band will then transition to concert season where we hope you will join us for our winter concert at the Campus of Wickliffe Auditorium on Thursday, Dec. 11.

Everything we do would not be possible without the support of our wonderful sponsors! Our Diamond sponsor Ken Ganley Subaru Wickliffe, our Platinum sponsor Cull of The Wild Fund, and our Gold sponsor DiDonato Tax Services, Inc. We would also like to give a shoutout to Jerry's Dari-Pride for hosting our summer car washes. Of course, our biggest fans and supporters are the Wickliffe community! We thank you for supporting our fundraising efforts throughout the year from Tag Day and car washes to plant sales and our annual Craft Fair.

We look forward to seeing you at the craft fair on Saturday, Nov. 5 from 9 a.m. to 4 p.m. at the Campus of Wickliffe. Come out and enjoy our many vendors while you shop for that perfect holiday gift! We will also have some amazing gift baskets we will be raffling off and some delicious treats at our bake sale

Thank you so much Wickliffe! The Swing Band wishes you and your family a wonderful holiday season!

The WSAA is looking for enthusiastic alumni with fresh ideas for all committees. Are you a sports fanatic? Great at fundraising? Social media savvy? Whatever your passion, we have a place for you!

We are also in search of a volunteer legal representative to join our board. Responsibilities include attending four board meetings a year (in person or via Zoom), providing legal guidance as needed, and assisting with filing 501(c) (3) tax forms.

Our next meeting is Wednesday, Dec. 3, 2025 at 6:15 p.m. at the Campus of Wickliffe. Let us know if you can join us.
