## Residential Summer Sprinkling Program

The City of Wickliffe offers a program for eligible homeowners, which could reduce the sewer charges incurred during the months of May through September each year. With the Residential Summer Sprinkling Program, your summer water bill will reflect prorated sewer charges based on the average water consumption during the winter. This program applies to sewer charges only. You will still be charged for all the water used.

Residents who **own and occupy** a residential home within the City of Wickliffe are eligible to register. A one-time administrative fee of \$20.00 must be submitted with the completed form below, which must be submitted by April 30 to qualify. Once you are enrolled, you do not need to send in another application or registration fee.

----- **Send form with payment by April 30, 2020** -----
