

WICKLIFFE RECREATION DEPARTMENT'S

Children need SAFETY EDUCATION. Preparing children to cope with and understand safety hazards can prevent accidents. Children deserve safe lives and the time to teach them is now, before they are faced with a dangerous situation when they are on their own as they begin school. SAFETY TOWN will provide the first step in their safety education.

Wickliffe's SAFETY TOWN is a summer program, organized under the guidelines of the National Safety Town Center, dedicated to the teaching of safety to young children. The instructor, with the help of her assistant, will conduct classroom and practical lessons teaching the children the safety rules and precautions, which are necessary for them to understand how to lead the safest possible lives.

SAFETY TOWN is a comprehensive education program that introduces awareness and preventive procedures through discussions, role playing, walks, movies, games, field trips, songs, and artwork. The curriculum includes the dangers of strangers, poisons, fire, matches, animals, bicycles, railroad and pedestrian crossings, playgrounds, toys, water, how to board and ride a bus, car safety and safety belts, litter awareness, sexual assault prevention, and all other aspects of safety.

Children will receive individualized help to memorize their addresses and phone numbers. A policeman and fire fighter will talk to the children concerning pertinent safety topics and they will demonstrate their vehicles and equipment.

An important part of SAFETY TOWN, which is a lot of fun for the children, is the "town". It is a miniature traffic layout built to the scale of kindergarten children and is used to reinforce and practice the pedestrian and traffic rules learned in the classroom. The "town" has streets, traffic signals, signs, houses, and "automobile traffic" (pedal cars). While part of the class rides the pedal cars to simulate traffic and practice signal rules, the other children will walk around the course as pedestrians to practice pedestrian safety. Please dress according to weather for outdoor town area. Apply suntan lotion if applicable. There are some hot days in summer.

During these early formative years, children should develop proper safety habits and, most importantly, a general safe attitude, which will guide them in making safe decisions throughout their lives.

This program is a one-week session (5 days) for 2 hours per day, with a choice of two sessions; one in June or one in July (See attached registration form.) A graduation ceremony will conclude the course during which the children receive a certificate and demonstrate to their parents and guests what they have learned.

LOCATION: Wickliffe Elementary School, 1821 Lincoln Rd. entrance on rear parking lot side.
Classes will be held in a classroom on the lower floor.

ENROLLMENT: Resident enrollment begins in May. Non-residents may enroll starting May 22, 2021.
Any child entering kindergarten or first grade may enroll.

Please fill out the attached registration form. Classes are filled on a first come, first served basis. Fourteen (14) children will be enrolled in each class. If your first choice is no longer available, you will be notified, otherwise, you can assume that your child has been registered for your first choice. **If you submit an e-mail address, we will send a reminder.**

If you have any questions, please call the Recreation Dept. office at 943-7120. Inquiries can be made Monday-Friday, 8:00 am to Noon and 1:00 pm to 4:30 pm.
